Specifications

Attribute	Description
Physical Form	Blue-Purple Liquid
Odor	Acrid
Solubility	Complete in Water
Foam	Low
Viscosity	Water-like
pH (typical)	<2.5
Flash Point	Not Applicable

Dilution Ratios

Use	Dilution
Brighten Aluminum	1:1 - 10:1

DOT Classification:
Regulated

Available In

Part #	Size
130567	5 Gal
130565	55 Gal.
130569	Bulk

QUICKSILVER

Heavy Duty

Tech Data Sheet

A premium brightener that quickly restores aluminum to an attractive silver finish. Contains a blend of acids to effectively enhance the look of aluminum without leaving the surface chalky and white. Concentrated to be effective at greater dilutions than competitive products

Benefits

- Blend of acids leaves aluminum looking silver
- Works quickly on aluminum

Applications

- Brightening aluminum tanks, rails, and rims
- Can be used as the 1st step in a 2-step touchless wash process
- Apply through pump sprayer, air pump, and downstream injection on pressure washers
- Rust Removal
- Removing soap and scale buildup on wash bay walls

Precautions

- Contains hydrofluoric and sulfuric acids
- DO NOT use on mirror finish surfaces
- DO NOT allow to dry on glass
- Consult the Safety Data Sheet for general safety guidelines

Note: Cleaning effectiveness is affected by: temperature, concentration, dwell time, water hardness, and soap application pressure. Soap concentration may be adjusted to compensate for changes in these conditions.
